## DESCRIPTION

Let us introduce you a solid investment in the form of lifestyle villas on Marbella's New Golden Mile - with absolute sea-views as a bonus. These 4-6-bed villas are just above Estepona, at a 4-minute drive from the nearest beach at a slightly elevated terrain, allowing you to peak over to Africa and to the Rock. Estepona and Puerto Banus can be reached in a couple of minutes to enjoy Mediterranean luxury. Living here means that you have almost everything within reach. Conveniently, the area is rich in golf courses and there are shops, primary schools, sports facilities and various international schools at hand. These spacious villas are built on 4 floors with a lift inside, private pool, each of them with a different design, with wellness being a common concept in all of them. The panoramic sliding doors further enhance the feeling of space reaching over the terrace towards the sea. The garage and carport can accommodate up to 7 cars. We have the show-house ready, it is a must-see! Our 5-year buy-back guarantee option can be applied for these villas - meaning that if you change your mind for any reasons within 5 years from your purchase, we buy it back from you for the same price you paid for it.
